Profiles - specials

KS Profiel offers a broad spectrum of profile shapes and grades of materials in gauges 0.2mm to 8mm, supplied according to EN 162-81.

We don't just supply profiles: thinking together with the customer to find innovative solutions to practical problems is just as important to us. In mutual consultation, our desire is to offer you a technically efficient and well-thought-through product which is suited to your total concept. In short, there's more to it than just profile.

STANDARD	INDUSTRY	CONSTRUCTION
Our profiles are available in custom or standard lengths as required.	Internal Transport Bodywork Livestock sheds Machines Installation Furniture industry Electrics	Greenhouses Warehouse storage racks Access technique House construction Utilities construction Unit construction Steel construction
